Descrizione

Our School is a Technical and Scientific High School:

Since 2017, the Scientific High school has been enriched with two courses, a scientific high school course with a social and healthcare focus to prepare students for medical profession tests; and a PLUS course with more hours of logic and English language.

The Technical School activated the smart course in 2019 on robotics and home automation.

The I.I.S. Margherita Hack is attended by 641 students from 14 to 19 years old and represents a unique training opportunity in the area of Baronissi, Fisciano, Calvanico, Pellezzano, Mercato S. Severino and Montoro (this latter is Avellino Province). The Municipality of Baronissi is situated few kilometres far from Salerno and Naples.
